1. The justification for not advertising this procurement as set forth on Form No. 1036 is based on the reason that the equipment is to be used for experimental purposes. This justification is not believed to be adequate since the Agency does not have the benefit of Section 2(c)(11) of the Armed Services Procurement Act regarding the purchase of supplies for experimentation, development or research. However, it is believed that negotiation of this purchase can be justified under [REDACTED] Dec. 1950, covering supplies or services for which it is impracticable to secure competition. The facts upon which to base the justifications are contained in the letter of 22 Dec. 1950 from the Chief of Communications to the Chief, Procurement and Contracts Branch, which is in file on this contract.
